

Lab Information

Abdullah Lab, IMMEI, University Hospital Bonn

Purpose

This section describes **how the Abdullah Lab operates day to day**.

It provides guidance on: - Expectations and responsibilities - Professional conduct and lab culture - Practical etiquette in shared lab spaces - Communication norms within the lab

These pages are intended to make expectations explicit and to support a respectful, productive working environment.

Pages in this section

- **Lab Expectations**
Shared standards for conduct, supervision, responsibility, and scientific integrity.
 - **Lab Etiquette**
Practical guidance on day-to-day behaviour in shared spaces, including benches, equipment, and storage.
 - **Communication Norms**
How communication works in the lab, including channels, meetings, and escalation.
-

Scope

This section focuses on **lab-level norms and practices**.

Institute-wide structure, facilities, and administration are covered separately under *Institute Information*.
